

### Science Knowledge Organiser Term 3 2024

We will be looking at young animals and comparing them to their adults. The children will see how animals change as they grow up and be introduced to the life cycles of several varied common animals, including humans. We will learn how humans change as they grow older.

Some animals give birth to **live young**.

Some animals lay eggs which the **young** hatch from.

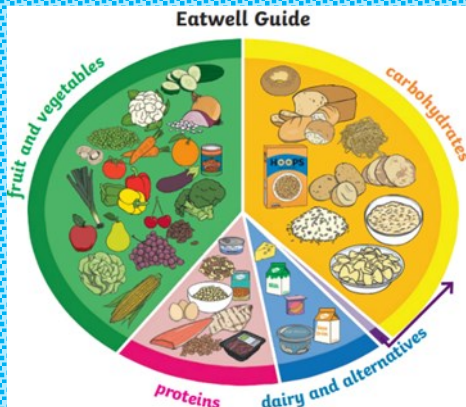

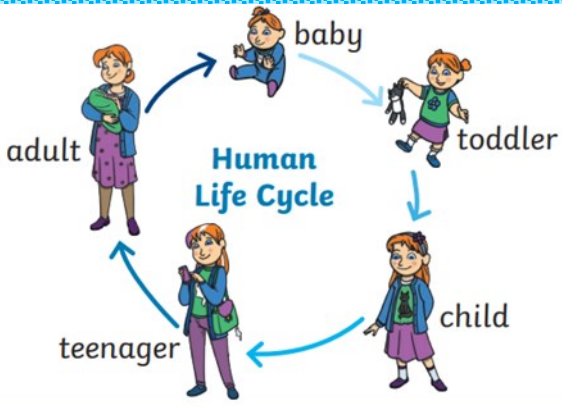

Both of these types of **young** then **develop** into **adults**.

Some **offspring** look like their **adult** when they are born.

Some **offspring** do not look like their **adult** when they are born.

- ### Key Vocabulary
- Adult
  - Behaviour
  - Change
  - Develop
  - Exercise
  - Heart rate
  - Hygiene
  - Life cycle
  - Match
  - Nutrition
  - Offspring
  - Pulse
  - Requirement
  - Stage
  - Survive

We will be looking at healthy lifestyles including the importance of healthy eating, exercise, sleep and hygiene whilst revisiting the three basic needs for survival.

To stay alive, all animals have three basic needs for survival:

- air
- water
- food
